

USO Wounded Warrior Care Package Project

The *USO Warrior Center* at Landstuhl, Germany helps our wounded soldiers medi-evac'd out of the Middle East and their families. The U.S. Medical Staff at *Landstuhl Regional Medical Center* is dedicated and works tirelessly for our wounded soldiers. This 4th of July, let's show them we are thinking of them, with a **CARE PACKAGE**.

LET'S DO THIS FOR JULY 4th

and remember these wounded warriors throughout the year!

"I have seen personally the benefit of care packages to the USO Wounded Warrior Center when I traveled to Landstuhl to volunteer at the Center, visit with the staff, and help my own brother who had been injured in the Middle East."

"I have spoken to the USO Wounded Warrior Center. They would love to have care packages for the wounded warriors who have sacrificed so much and for the staff who works so hard to care for our dedicated men and women."
